<http://tsark.blogspot.com>

Professional Summary

Versatile multimedia producer who writes, shoots and edits video. UCLA film school graduate, who is experienced in Art, Education, Television, and Technology. Production lead, at several educational software and Internet companies, who ensures Media content and messaging are presented in their best light. Recipient of numerous media awards, for work as post-production supervisor, producer, and casting director.

Consulting

Consulting allows me to work on a multitude of projects with new teams. This type of work allows for greater understanding and appreciation across industries. It offers unique experiences and situations. The work is often concentrated and focused.

Professional Corporate Experience

WestEd, Doing What Works project for Dept. of Education. 2008-2013

Project Manager

Create video content. Manage contracts and relationships with content team, developers, video vendors. Direct logistics for content expert interviews. Author scripts/documents. Educate clients about creative and technical video editorial processes. Work with Subject Matter Experts and content leads to ensure accurate data. Create/verify 501c compliant tags (D-links) for accessibility, caption markup documents and administrative files. Populate Content Management systems (CMS). Storyboard, brainstorm, design. Manage site redesign file retrofit and media verification for Quality Assurance.

WestEd, First 5 California 2012

Media Developer

Author, script and edit training videos to inform users on how to use their internal systems. QA user portals.

WestEd, i3 (Investing in Innovation) STEM Learning Opportunity Providing Equity 2013-2014

Project Manager

Hired mid-project as the replacement Project Manager during 'Year 2' of a five-year study Randomized Control Trial for rising seventh and eighth graders. Organized the internal files and structure. Introduced and developed online surveys. Created and authored documents for the Internal Review Board, for Data Security Plans, and to satisfy Project Protocols. Supervised four employees on this project.

Edventuremore Tech, Summer 2008

Animation Instructor

2D cutout and 3D stop motion animation using Boinx Software iMovie

Digital Brewing Company, 2007-2008

Director of Special Projects

Hired to help reorganize production teams and develop schedules for client management. Supervised and organized staff of twenty employees and contractors. Trained one direct report. Responsible for customer service & new client management. Part of my charter was to take ambiguous creative concepts and ideas and translate them into a well organized framework for development. I tried to maintain a sense of humor, level head and calm attitude in an often chaotic environment where priorities were in constant change.
